Interested in system architecture and computer security. I have a slight practical experience in penetration testing and a high interest in the field of cybersecurity. A proven track record of building a complex ecosystem, and a practical experience in building website and mobile applications.

EDUCATION

University of Bahrain, Sakhir

2022-Present

Bachelor of Science in Computer Science, 2.82

CERTIFICATES

Metasploit for Beginners: Ethical Penetration Testing, Coursera Project Network

AWS Cloud Practitioner Essentials, AWS Training Online

Design Prompts for Everyday Work Tasks, Google

EXPERIENCES

Game Developer, Natsume Co.,Ltd

July 1st – Aug 31st

Interned as a game developer at SKRA studio to develop the first local game. Worked and cooperated closely with 3 teams to ensure project smoothness.

PROJEECTS

Axiom & Luminas, University of Bahrain

This project is my senior project. We built an intelligent team announcements aggregation system, it consists of a mobile application, chatbot and NLP engine. We fine-tuned the NLP engine and deployed most of the components on the cloud.
